

This technical drawing illustrates a mechanical assembly, likely a bracket or support structure, through several views and detailed dimensions.

**Top View:** Shows a rectangular base with a central vertical feature. The base has a width of 600 and a total width of 640. The central feature has a diameter of  $\phi 50$  at the top and  $\phi 40$  at the base. The base has a thickness of 35. The overall height of the assembly is 89.

**Front View:** Shows the side profile of the assembly. The base has a height of 75. The central feature is a vertical rod with a flange at the top. The flange has a diameter of  $\phi 50$  and a thickness of 24. The base has a width of 600 and a total width of 640.

**Isometric View:** Provides a 3D perspective of the assembly, showing the base, the central rod, and the flange. The base is shown with a width of 600 and a total width of 640. The central rod has a diameter of  $\phi 50$  and a flange with a diameter of  $\phi 50$  and a thickness of 24.

**Sectional View:** Shows a cross-section of the assembly, highlighting the internal structure of the base and the central rod. The base has a thickness of 35 and a height of 75. The central rod has a diameter of  $\phi 50$  and a flange with a diameter of  $\phi 50$  and a thickness of 24.
